

Monday 14 December 2020

Dear Woodside Families

I am writing to say a heart-felt thank you from me and the teachers for the generous and thoughtful gifts we've received from you. Despite it being such a difficult year for all, we feel fortunate that, in partnership with you, we can do our best to ensure our children feel as happy and relaxed as possible.

We hope your children will enjoy the Christmas fun planned for the coming week in school and you are enjoying the online advent calendar!

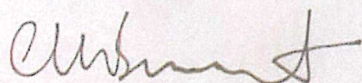

The guidance from the DfE means we need to continue to follow our Covid-19 risk assessment and procedures when we return on **Tuesday 05 January 2021**.

We will continue with the same staggered start and finish times, hand-washing, year group bubbles, etc at least until February half term 2021.

During the first week of the Christmas holidays, school have been asked to support NHS Track and Trace. Parents/carers only need to contact school if your child's symptoms emerged within 48 hours of being in school and your child has a positive test result. This allows us to identify any other children or staff who have been in contact with them and notify parents/staff. If your child has a positive test result you should make contact via the school email:
admin@woodside.shropshire.sch.uk

Your continued support with our safety measures is very much appreciated.

With warmest Christmas wishes to you and your families

Claire Bennett
Headteacher
