Dear Parent/Carers,

Bug Club

It is great to see so many children accessing Bug Club to practise their reading and play the games to practise letter sounds, blending to read and segmenting to spell. Bug club is where you will find your child's reading books this year. If you do need a reminder of your child's login please let us now and we can send it to you.

So that we can make sure your child always has some books to read please can you ensure that, when your child has read the book and completed the two activities (there is one at the beginning of the book and another one at the end denoted by a green bug in a circle), you close the book by clicking on the 'x' in the bottom right hand corner and then selecting close. The book will then move to 'My Library' so that your child can continue to read it if they want to. The number of books your child has allocated will then reduce at our end and we will know to add some more. If the book is not closed we still see that your child has the book and the number of books we have allocated doesn't reduce.

Attached is a copy of the Bug Club 'Parent Guide' which sets out how to get the most out of Bug Club. If you do need any support using it please let us know.

Best wishes

The Reception Team
