Nursery – Bug hotel and autumn walk

Dear parents and carers

Over the next fortnight we will be learning about the season of autumn in Nursery.

Please can you go on an autumn walk with your child (in the garden, at the park etc.) to collect some of the following items:

- Leaves (talking about how they are changing colour, the difference in size etc.)
- Small sticks and twigs
- Conkers
- Pinecones
- Any other items of interest that you find on your walk that your child would like to tell us about.

We will be using these to fill up and develop our bug hotel in the Nursery garden.

Place your collections into the brown paper bag that will be provided and label with your child's name so that we can talk about what they have found when they bring it back to Nursery.

If you could take photos/videos of your autumn walk and upload to EExAT using your unique code and password (this was sent home recently) we would love to share them together on the interactive whiteboard during group time.

Thank you for your continued support,

Gemma Humphreys

Nursery Leader
