

Woodside School
Catch Up Premium 2021 – 2022

In order to support schools with school planning whilst we are in a world pandemic, the Education Endowment Foundation (EEF) has produced two help guidance documents:

“The EEF guide to supporting school planning – A tiered approach to 2020-21”

https://educationendowmentfoundation.org.uk/public/files/Publications/Covid-19_Resources/The_EEF_guide_to_supporting_school_planning_-_A_tiered_approach_to_2020-21.pdf

and

“Covid-19 support guide for schools”

https://educationendowmentfoundation.org.uk/public/files/Publications/Covid-19_Resources/Covid-19_support_guide_for_schools.pdf

These documents suggest schools plan using a 3 tiered approach with respect to planning how to support children to catch-up.

“Catch-up” in this context refers to the children learning the main aspects of the curriculum missed when they were in the first lockdown (March-August 2020.)

This tiered approach describes 3 tiers and the areas of provision within which schools, they suggest, should be focussed on to have the greatest impact this year.

Tier 1: Quality Teaching

“Great teaching is the most important lever schools have to improve outcomes for their pupils” EEF

- High quality teaching for all
- Effective diagnostic assessments
- Assessing pupil’s engagement and well-being
- Sustained professional development
- Planning and providing transition support

Tier 2: Targeted Academic Support

“Evidence consistently shows the positive impact that targeted academic support can have, including those pupils who are not making good progress across the spectrum of achievement” EEF

- Targeted academic support
- Structured 1:1 and small group (linking to classroom teaching)
- Intervention programmes
- Focused intervention for maths and literacy
- Pastoral support

Tier 3: Wider Strategies

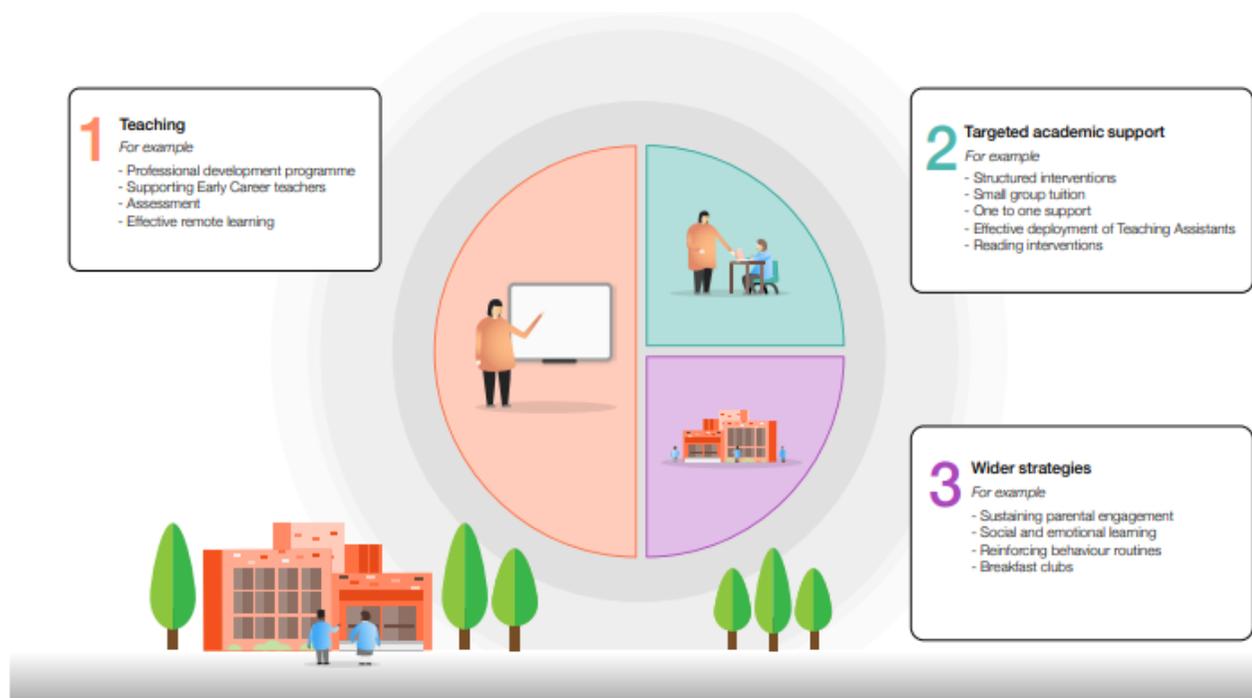

“Wider strategies relate to the most significant non-academic barriers to success in school, including attendance, behaviour and social and emotional support” EEF

- Wider strategies supporting pupils social, emotional and behavioural needs
- Supporting families and parents with access to technology
- Providing additional books and resources over the summer holiday

It is suggested that the school’s focus should also be split

- ½ on Tier 1
- ¼ on Tier 2
- ¼ on Tier 3

Please see the diagram below.

Catch Up Premium

The Government has allocated funding to each school to support “Catch-up”

<https://www.gov.uk/guidance/coronavirus-covid-19-catch-up-premium#use-of-funds>

This Dfe guidance states:

*Schools should use this funding for specific activities to support their pupils to **catch up** for lost teaching over the previous months, in line with the guidance on [curriculum expectations for the next academic year](#).*

Summary information					
School	Woodside School				
Academic Year	2020-21	Total Catch-Up Premium	£48,320	Number of pupils	631
	2021-2022	Total left	£38,000		

The DFE guidance on catch-up premium references the two school planning documents so we as a school have decided to use the tiers to support our decision-making with respect to how we spend our catch-up premium. These decisions are also guided by our school’s SDP and our determination, as far as possible, to ensure all our children “catch-up” and we do not allow this pandemic to adversely affect any of our children’s academic or emotional development.

The table below details the additional provision we will be putting in place. These will be funded by our “Catch-up Premium.”

The following plan also includes interventions already being funded. These are included as they contribute to our COVID recovery plan.
